Sandblasting	When sandblasting affects visibility
Window Tinting	When tint is peeling, fading, bubbling, mismatched or poses safety issue
Tires / Wheels / Wheel Covers	Examples of Chargeable Excess Wear
Tread Depth	When tread depth measures less than 1/8" at lowest point on tire
Puncture, Cut, Flat, Plugs, Bulge, Side Wall Damage	Charges will be applied for this condition
Tire Size, Speed Rating, Type	When tire does not match original tire size, quality & speed rating Any tire that is not part of a matching set
Non Nissan Wheels or Wheel Covers	Charges will be applied for this condition
Scratch or Gouge	When scratch or gouge exceeds 6 inches, single or accumulative
Bent Wheel	When damage affects performance or safety
Part & Accessories / Misc.	Examples of Chargeable Excess Wear
Aftermarket parts	Charges apply when original equipment is missing, and for damage caused by removal or installation of parts
Altered suspensions	Charges will be applied for this condition
Keys and Remotes	Charges will be applied when missing
Missing, broken, inoperative	Charges will be applied for this condition. SIMS card, spare tire, etc must be returned
Engine / Mechanical / Other	Examples of Chargeable Excess Wear
Engine or Mechanical Damage	Mechanical, electrical or engine damage due to failure to maintain the vehicle in accordance with the owner's manual or maintenance schedule, including but not limited to damage caused by oil gelling or solidifying in the engine housing, more commonly referred to as sludge. Because oil sludge damage is not always readily ascertainable through a visual inspection, NMAC reserves the right to maintain a claim for engine damage caused by sludge, subsequent to the lease termination, if this condition is not discovered until then.
Inoperable electrical	Diagnostic fee & other charges may apply
Unusual engine noise	Diagnostic fee & other charges may apply
Exhaust smoke	Diagnostic fee & other charges may apply
Exhaust damage	Excessive rust or perforations due to neglect or abuse
Flood / Water Damage (unrepaired)	Charges will be applied for this condition
Warning Lights	Diagnostic fee & other charges may apply
Vin Plate /Sticker Missing	Charges will be applied for this condition

Up to 60 days prior to the end of your lease, call Alliance Inspection Management (800) 253-9026 for your required complimentary inspection. Your inspector will provide a copy of the inspection report and "Notice of Option to Make Repairs Prior to Return".

NISSAN WEAR AND USE ASSESSMENT KEY

Examples of Chargeable Wear and Use. Use ruler on reverse side when needed.

CHARGEABLE DENTS

- Any panel with 4 or more dents (any size)
- Any dent greater than 2"
