NISSAN CONNECTSM WITH NAVIGATION

POCKET GUIDE

NISSAN CONNECTSM WITH NAVIGATION

is available on the following 2013 model year vehicles:

**Altima
Frontier
NV200**

**Sentra
Titan
Xterra
Versa (2014)**

LOG ON AND TAKE OFF

VOICE RECOGNITION

Voice Recognition for Audio, Phone & Navigation.

BLUETOOTH® HANDS-FREE PHONE SYSTEM

The Bluetooth® Hands-Free Phone System activates via steering wheel-mounted controls. Now you can keep up connections no matter where the road takes you.

HANDS-FREE TEXT MESSAGING ASSISTANT

Keep your hands on the wheel and handle text messages without having to look at your phone. Send and receive text messages using voice commands. Text messages are read to you through the audio system. (not available with iPhone)

SIRIUSXM™ SATELLITE RADIO

Over 130 commercial-free channels of music, entertainment & more.

CD DRIVE, MP3, AM/FM TUNER

USB CONNECTION PORT

Control music on your USB using the audio system controls and display screen. The USB audio screen will appear when you have a USB memory stick or device connected to the USB jack.

IPOD CONNECTIVITY

Plug your iPod/iPhone® into your vehicle using the convenient USB input and take your whole collection on the road. Steering wheel-mounted controls put full command of every track right at your fingertips.

*Features only available on navigation-equipped vehicles. Some features are associated with the navigation system and are not part of the NissanConnect technology.

Certain Nissan vehicles are equipped with the available NissanConnect suite of technologies. Hands-free phone capability, streaming audio, hands-free text messaging, navigation and lots more, all accessible from your vehicle's centrally located screen.

AUDIO STREAMING

Wirelessly connect and stream music from your Bluetooth® compatible device through the vehicle's sound system.

PANDORA (with iPhone only)

Control the Pandora application on your iPhone® or iPod® using the audio system controls and display screen. Pandora is a free internet radio service that helps you find new music based on your old and current favorites. Touch the 'thumbs up' or 'thumbs down' icons to rate songs. Go to the Pandora Menu to display a list of available Pandora stations, bookmark the current song, or delete the current station.

AUX-IN CONNECTIVITY

Accepts any standard analog audio input. Use the volume on your device while using the system volume for incremental sound.

NAVIGATION*

The Nissan Navigation System is much more than a map. Intelligent functions support the driver and make vehicle driving safer and more convenient. Enhance your journey with features that include:

Assist Features

- Curve Warning
- Speed Limit Advisory
- Over-speed Warning
- Exit View
- Lane Guidance for Highways
- Eco Routing
- Rear-View Monitor

General Features

- 2D & 3D View
- SD Card Based Map
- User Selectable POI Icons

MAP UPDATES

The navigation map is stored on an SD card. Map Updates for this system will be available on an annual basis. For more information on map updates, visit www.navigation.com

 Traffic Information

 POIs powered by Google™

 Weather

 Google™ Send-To-Car

 Settings

 Voice Commands

NAVTRAFFIC*

Use the NavTraffic™ Menu to show the closest traffic incident to your vehicle, regardless of routing status. View the 'On Route' list to see a list of traffic event information specific to your route. Or the 'All' list for traffic event information regardless of routing status. Use the 'Avoid Road' option to select a road or segment of the route to avoid.

NAVWEATHER*

Shows you the current weather conditions for your current vehicle location including temperature, humidity, wind speed & precipitation. Also see the 5-day forecast, and look-up weather for other locations.

GOOGLE™ SEND-TO-CAR*

Enter your destination before you leave home. Using a PC or connected device, send any address to your navigation system through www.maps.google.com. When you start the car and connect to the network, the address will be delivered and loaded into your Nissan system for routing.

POIS POWERED BY GOOGLE™*

A connected Google local business search is based on the latest information from Google and is always up-to-date. Drivers can search for a destination without knowing the specific name or category, and gives you the option to call the POI.

ADVANCED DRIVE-ASSIST™ DISPLAY

From turn-by-turn directions to caller identification, the new Advanced Drive-Assist Display does it for you in one central location. Its location in the instrument cluster is specially designed to make it easy for you to read quickly, allowing you to focus on what matters most — driving. (only available on Altima)

OWNER REGISTRATION

In order to use certain features such as Google™ Send-To-Car and POIs Powered by Google™, owners must register and activate their account:

- 1) Register on the Nissan Owner's Portal: www.nissanconnect.com
- 2) Click **“Create Account”**
- 3) Fill in the required fields and click **“Save”**
Make sure to write down your email and password
- 4) Next you will enter your vehicle information and click **“Save”**
- 5) Select your contact preferences for various Nissan services and offerings. Once you have made your selections, click **“Submit”**
- 6) You will be redirected back to the Nissan Owner's Portal home page. Enter the email and password that you selected during registration and click **“Login”**
- 7) Select **“NissanConnect”** from the task bar above the car
- 8) Click **“NissanConnect Google™ Services”**
- 9) Click **“Next.”** Read the Terms and Conditions agreement. If you agree, check the box and click on **“I Agree”**
- 10) The following page will give you printable instructions to finish registration using your system in the vehicle. Select **“Print,”** and take these instructions along with your email and password to activate services

For registration questions, please contact Nissan Owner Services at (855) 426-6628.
