Preventative scheduled maintenance is an important investment to optimize the performance, reliability, durability, safety and resale value of your Nissan. Scheduling your vehicle’s maintenance at the recommended intervals will ensure your vehicle is running at its best. We want you to enjoy your Nissan vehicle. This Service and Maintenance Guide is designed to help you make sure your vehicle receives proper and timely maintenance that is necessary. Key services are explained in detail, along with an outline of scheduled maintenance to help you maintain your vehicle. Your local Nissan dealer can assist you in determining the best schedule based on your driving habits and local conditions.

Failure to perform scheduled maintenance may result in a denial of a warranty coverage and may reduce the performance, safety, reliability, durability and/or resale value of your vehicle. See your Warranty Information Booklet and Owner’s Manual for details.
To preserve the quality, reliability and safety of your vehicle, an authorized Nissan dealer is recommended for maintenance or repair. Only an authorized Nissan dealer offers you these advantages:

- Nissan trained and ASE certified technicians
- Immediate access to warranty service history and Nissan technical information
- Latest diagnostic, special tools and service techniques
- Genuine Nissan Parts that meet Nissan’s demanding standards
- 12 month/12,000 mile parts and labor limited warranty when Genuine Nissan Parts are installed by your dealer
- Lifetime limited warranty on select replacement parts
- Complimentary Multi-Point Inspections (at participating dealers)
- Clear, up-front estimates
- Time guaranteed Express Services (at participating dealers)
- Over 1,000 locations nationwide
- Shuttle service/Courtesy van (at participating dealers)

Your Nissan dealer is a full-service maintenance and repair center. We recommend using authorized Nissan Service and genuine Nissan Parts that we have designed for their reliability, safety and suitability for your Nissan vehicle. We are committed to providing you with quick, efficient, and competitively priced service and parts.

* May differ or not apply outside the United States, please inquire of your dealer.
SMART SOLUTIONS
TO SUPPORT YOUR BUSINESS VEHICLE NEEDS

Our Commitment to You
At Nissan Commercial Vehicles, we understand that your vehicle is the lifeblood of your business. That’s why we’ve partnered with our commercial certified dealers to make absolutely sure that we’re there when you need us with parts and service, vehicle support and vehicle financing solutions.

Parts and Service Solutions
Keeping your vehicle on the road can be important to a smooth running and successful business. As part of our parts and service commitment to you, you’ll find the following at every one of our commercial certified dealers:

● **NCV Next Bay Priority Service Guarantee** – You don’t have time to stand in line. That is why your commercial certified Nissan dealer will prioritize your vehicle into the next available commercial bay

● **Extended Service Hours** – Your commercial certified Nissan dealer stays open longer to meet your service needs

Vehicle Support Solutions
With all you have to think about in running your business, we are committed to contributing to your peace of mind with:

● **Roadside Assistance** – Our commercial vehicles come with the confidence of Roadside Assistance including services such as towing, tire changes and dead battery jump starts

● **Service and Maintenance Plans** – Developed specifically for Nissan Commercial Vehicles and backed by Nissan, a wide variety of service plans are available to you, including high-mileage options

● **Limited Warranty** – You’re covered with our 3-year/36,000-mile basic coverage and 5-year/60,000-mile powertrain limited warranties

May differ or not apply outside the United States, please inquire at your dealer.
Vehicle Financing Solutions

From the moment you request vehicle financing, we consider the unique nature of how your company operates and suggest a financing plan that will maximize your fleet vehicle investment. Leverage your company’s net worth through NMAC’s SignatureBusiness™ lines of credit.

Your authorized Nissan Commercial Vehicle dealer has all the details and will be glad to help you find the solutions that are right for your business. May differ or not apply outside the United States, please inquire at your dealer.
EXTENDED PROTECTION PLANS
Did you know you can drive your new Nissan for the next 8 years or 120,000** miles, almost worry-free of unexpected repair costs?

Nissan Security+Plus Extended Protection Plans deliver peace of mind by providing component coverage (up to 2,000 components), roadside assistance, and rental car benefits. Additionally, Security+Plus plans offer Nationwide Coverage (over 1,000 Nissan dealers); use Genuine Nissan, Nissan Value Advantage, or Nissan-approved, (new or remanufactured parts), employ factory-trained technicians, and protect you against the rising cost of parts and labor.

Security+Plus Extended Protection Plans can be purchased any time within your vehicle’s original 3-year/36,000-mile new vehicle basic limited warranty period. If your vehicle is already older than those parameters, Pre-Owned vehicle service contracts can be purchased anytime within the 5-year/60,000-mile powertrain limited warranty. Just contact your selling dealer and tell them you’d like to take advantage of one of the best mechanical breakdown plans available for your Nissan today.
PREPAID MAINTENANCE PLANS

**Security+Plus** Prepaid Maintenance Plans maintain your vehicle to factory specifications by factory-trained technicians. Like our Extended Protection Plans, you'll benefit from **Nationwide Coverage and Nissan parts** (includes Genuine Nissan, Nissan Value Advantage, or Nissan-approved new or remanufactured parts), and you'll be protected against the rising costs of parts and labor. **Security+Plus** Prepaid Maintenance Plans offer four service levels and eight time and mileage periods. So, it's easy to find a plan that's right for you. ‘New’ **Security+Plus** Prepaid Maintenance Plans can be purchased any time within the first 6 months / 5,000 miles of the original vehicle sale date, while ‘Pre-Owned’ **Security+Plus** Prepaid Maintenance Plans may be purchased at any time throughout the life of the vehicle. Just contact your selling dealer and tell them you'd like to take advantage of one of the best maintenance plans available for your Nissan today.

* These products not available outside the United States.
** Term available on most models.

See your participating Nissan dealer for details.
If you have an accident, insist on Genuine Nissan Collision Parts. If you want your vehicle to be restored using parts made to Nissan’s original exacting specifications – if you want it to last, help to protect your personal safety and to help hold its resale value, the solution is simple. Tell your insurance agent and your repair shop to use only Genuine Nissan Collision Parts.

Many non-genuine parts are copies made from impressions of Nissan parts and may not match the specifications and performance standards of Genuine Nissan Parts. As a result, non-genuine parts may not look or fit right, and may be less safe.

The hood on your vehicle is a good example. Nissan designed it with hood buckling creases to help prevent the hood from penetrating the interior of your vehicle in an accident. Non-genuine parts may not provide such built-in safeguards.

In some states, the law says you must be advised if non-genuine parts are used to repair your vehicle. Why should you take a chance?

**Replacement Panel Limited Lifetime Corrosion Warranty**

If you have your collision damage repaired using Genuine Nissan Outer Sheet Metal Panels you don’t have to worry about corrosion. That’s because these panels are warranted against inside out rust-through perforation for as long as you own your Nissan. Another reason to insist on Genuine Nissan Collision Repair Parts.

* This warranty does not apply to vehicles or parts not distributed by Nissan North America and/or sold outside the United States.
As a condition of your vehicle’s warranty, you are responsible for properly maintaining your vehicle. In maintaining your vehicle, you should use these guidelines to determine which maintenance schedule to use.

| Standard maintenance; features 5,000 mile or 6 month, whichever comes first, service intervals and generally applies when you primarily operate your vehicle on the highway in temperate conditions. Premium maintenance is a Nissan recommended optional upgrade that adds services when maintenance is performed. Exceptions: 1. Use of E85 in a Titan or Armada FFV (flex fuel vehicle) requires engine oil and filter replacement every 3,750 miles or 3 months. 2. NV200 Taxi requires engine oil and filter replacement every 3,750 miles or 3 months. Premium Maintenance; performing the Premium upgrade services may optimize the performance, durability, reliability, and resale value of your vehicle. (Premium Maintenance items are available at every 30,000 miles or 36 months interval.) | Additional maintenance items for severe operating conditions; should be performed on vehicles that are driven under especially demanding conditions. Additional maintenance items should be performed if you primarily operate your vehicle under the following conditions: • Repeated short trips of less than 5 miles in normal temperatures or less than 10 miles in freezing temperatures. • Stop-and-go traffic in hot weather or low speed driving for long distances • Driving in dusty conditions or on rough, muddy, or salt-spread roads • Towing a trailer, or using a camper or car-top carrier |

❑ For the ultimate in preventative maintenance, ask your Service Advisor for a complimentary Multi-Point Inspection every time you visit your participating Nissan dealer. See page 16 for more information on Multi-Point Inspections.

* Premium Maintenance is a Nissan-recommended option; You need not perform such maintenance in order to maintain the warranties which come with your Nissan. Premium Maintenance may not be available outside the United States, please inquire of your dealer.
The following descriptions are provided to give you a better understanding of the scheduled maintenance items that should be regularly checked or replaced. The maintenance log indicates at which mileage/time intervals each item requires service.

In addition to scheduled maintenance, your Nissan requires that some items be checked during normal day-to-day operation. You can find these items listed under “General Maintenance” in Chapter 8 of your Owner’s Manual.

Items marked with “*” are recommended by Nissan for reliable vehicle operation. You are not required to perform maintenance on these items in order to maintain the warranties which come with your Nissan. Other maintenance items and intervals are required. When applicable, additional information can be found in the “Maintenance and do-it-yourself” section in Chapter 8 of your Owner’s Manual.

NOTE: Nissan does not advocate the use of non-OEM approved aftermarket flushing systems and strongly advises against performing these services on a Nissan product. Many of the aftermarket flushing systems use non-OEM approved chemicals or solvents, the use of which has not been validated by Nissan.

For recommended fuel, lubricants, fluids, grease, and refrigerant, refer to Chapter 9 in your Owner’s Manual.

Emission Control System Maintenance:

Drive Belts*
Check engine drive belts for wear, fraying or cracking and for proper tension. Replace any damaged drive belts.

Engine Air Filter
Replace at specified intervals. When driving for prolonged periods in dusty conditions, check/replace the filter more frequently.

Engine Coolant*
Replace coolant at the specified interval. When adding or replacing coolant, be sure to use only Genuine Nissan Long Life Antifreeze/Coolant (Blue) or equivalent with the proper mixture. (Refer to the Owner’s Manual to determine the proper mixture for your area.) The recommended service interval of the factory-fill coolant is 105,000 miles (168,000 km) or 7 years, whichever comes first.

Subsequent replacement of Genuine Nissan Long Life Antifreeze/Coolant (Blue) should occur every 75,000 miles (120,000 km) or 5 years whichever comes first.

NOTE: Mixing any other type of coolant or the use of non-distilled water will reduce the recommended service interval of the coolant.
Hybrid Electronic Vehicle (HEV) Inverter Coolant
Replace inverter coolant at the specified interval. The recommended service interval of the factory-fill coolant is 125,000 miles (200,000 km) or 15 years, whichever comes first. Subsequent replacement of Genuine Nissan Long Life Antifreeze/Coolant (Blue) should occur every 75,000 miles (120,000 km) or 5 years, whichever comes first. When adding or replacing coolant, be sure to use only Genuine Nissan Long Life Antifreeze/Coolant (Blue) or equivalent with the proper mixture. (Refer to the Owner’s Manual to determine the proper mixture for your area.)
NOTE: Mixing any other type of coolant or the use of non-distilled water will reduce the recommended service interval of the coolant.

Engine Oil and Oil Filter
Replace engine oil and oil filter at the specified intervals. For recommended oil grade and viscosity refer to Chapter 9 in your Owner’s Manual.
NOTE:
1. Use of E85 in a Titan or Armada FFV (flex fuel vehicle) requires engine oil and filter replacement every 3,750 miles or 3 months.
2. NV200 Taxi requires engine oil and filter replacement every 3,750 miles or 3 months.

Engine Valve Clearance*
Inspect only if valve noise increases. Adjust valve clearance if necessary.

Evaporative Emissions Control Vapor Lines*
Check vapor lines for leaks or looseness. Tighten connections or replace parts as necessary.

Fuel Filter
Maintenance-free item (in-tank type filter).

Fuel Lines*
Check the fuel hoses, piping and connections for leaks, looseness, or deterioration. Tighten connections or replace parts as necessary.

Throttle Chamber
For model NV200 Taxi, it is recommended to replace the throttle chamber every 250,000 miles (400,000km).

Fuel Pump
For model NV200 Taxi, it is recommended to replace the fuel pump every 125,000 miles (200,000 km).

Spark Plugs
Replace at specified intervals. Install new plugs of the same type as originally equipped.
Chassis and Body Maintenance:

Brake Lines and Cables
Visually inspect for proper installation. Check for chafing, cracks, deterioration, and signs of leaking. Replace any deteriorated or damaged parts immediately.

Brake Pads, Rotors, Drums, & Linings
Check for wear, deterioration and fluid leaks. Replace any deteriorated or damaged parts immediately.

Exhaust System
Visually inspect the exhaust pipes, muffler and hangers for leaks, cracks, deterioration, and damage. Tighten connections or replace parts as necessary.

In-Cabin Microfilter
Standard equipment on cube, Murano, Altima, Altima Coupe, Armada Platinum, Pathfinder, Frontier LE and Pro-4X Off-Road, Juke, Maxima, Titan Crew Cab LE, Quest, Rogue, Sentra and Xterra (except X).
Optional accessory on some models. Replace at specified intervals. When driving for prolonged periods in dusty conditions, replace the filter more frequently.

Propeller Shaft(s)
Check for damage, looseness, and grease leakage. (4WD/AWD/RWD).

Steering Gear and Linkage, Axle and Suspension Parts, Drive Shaft Boots
Check for damage, looseness, and leakage of oil or grease. Under severe driving conditions, inspect more frequently.

Tire Rotation
Tires should be rotated every 5,000 miles according to the instructions in the Owner's Manual (except all 370Z). When rotating tires, check for damage and uneven wear. Replace if necessary.

Transmission Fluid/Oil, Differential Oil, Transfer Case Oil
Visually inspect for signs of leakage at specified intervals.
If towing a trailer, using a camper or car-top carrier, or driving on rough or muddy roads:

- Replace the fluid/oil every 20,000 miles or 24 months.
- For these vehicles with a CVT transmission, cube, Murano (except HEV), Altima, Altima Coupe, Juke, Maxima, Rogue, (except HEV), NV200, Sentra, Pathfinder (except HEV), Quest and Versa, replace the CVT fluid every 60,000 miles or request the dealer to inspect the fluid deterioration data using a CONSULT. If the deterioration data is more than 210000, replace the CVT fluid.
EXPLANATION OF SCHEDULED MAINTENANCE ITEMS

- For Hybrid Electronic Vehicle (HEV), replace CVT fluid every 30,000 miles.
- Automatic transmission fluid for 370Z and NV 1500/2500/3500 is maintenance-free.

Off-Road Maintenance
Check the following items frequently whenever you drive off-road through deep sand, mud or water:

- Brake pads and rotors
- Brake linings and drums
- Brake lines and hoses
- Differential, transmission and transfer case oil
- Steering linkage
- Propeller shaft(s) and front drive shafts
- Engine air filter
- Clutch housing drain (4WD only)
The following Maintenance Schedule has been compiled by Nissan to assist you in performing the recommended maintenance services and keeping appropriate records of services performed. Along with the related repair invoices, receipts, and other such records, a properly documented maintenance history could enhance the value of your vehicle should you ever wish to sell it. The services listed represent the minimal Nissan recommended requirements for each time/mileage interval, up to 150,000 miles / 180 months. Beginning on page 58 you will find a log that should be used to track when and where services were performed. Ask your Service Advisor to update your log each time your vehicle is serviced.

NOTE:
1. If using E85 in a Titan or Armada FFV (flex fuel vehicle), a special oil and filter change log can be found beginning of page 62.
2. For the NV200 Taxi, a special oil and filter change log can found beginning on page 62.
3. If you exceed the 150,000 miles or 180 month maintenance period, at 155,000 miles or 186 months, perform maintenance listed at 5,000 mile or 6 month interval, at 160,000 or 194 months use the 10,000 mile or 12 month interval and continue as needed.
For the ultimate in preventative maintenance, ask your Service Advisor for a complimentary Multi-Point Inspection every time you visit your participating Nissan dealer. MPI's are performed by Nissan factory trained Technicians who will provide you with a detailed report of your vehicle's condition.

Driving your Nissan should be as worry-free an experience as possible. Trust your Nissan dealership to inspect and maintain your vehicle so you can take pride in knowing your vehicle is ready for the road ahead.

*Available at participating dealers

NOTE: Multi-Point Vehicle Inspection form shown is an example. Actual form and contents may vary.
Genuine Nissan Oil Filters
Genuine Nissan Oil Filters are designed specifically for your vehicle.

Genuine Nissan Oil Filters have an anti-drainback valve that keeps oil in the filter when the engine is not running. This prevents harmful engine wear on start-up.
STANDARD MAINTENANCE

- Replace engine oil and filter
- Rotate tires (except all 370Z)

Additional Maintenance Items for Severe Operating Conditions

- Inspect the following:
  - Axle & suspension parts
  - Brake pads, rotors, drums & linings
  - Drive shaft boots
  - Exhaust system
  - Front suspension ball joints
  - Propeller shaft (4WD/AWD/RWD)
  - Steering gear and linkage
  - Steering linkage ball joints

For the ultimate in preventative maintenance, ask your Service Advisor for a complimentary Multi-Point Inspection every time you visit your participating Nissan dealer. See page 16 for more information on Multi-Point Inspections.

1 Titan and Armada FFV and NV200 Taxi require oil and oil filter replacement every 3,750 miles or 3 months. Refer to pages 13 and 16 for additional information.
2 Check and adjust tire pressures.
Equipment varies by model. Perform only those operations that apply to your vehicle.
For the ultimate in preventative maintenance, ask your Service Advisor for a complimentary Multi-Point Inspection every time you visit your participating Nissan dealer. See page 16 for more information on Multi-Point Inspections.

Wiper Blades
Genuine Nissan Wiper Blades and Arms are designed to fit your Nissan and can be installed by any Nissan dealer in just minutes.
In-Cabin Microfilter
The In-Cabin Microfilter filters the air you breathe in your vehicle. This system filters both outside and recirculated air used by the air conditioning system in your vehicle. Replacing the Microfilter every year or 15,000 miles is the best way to help prevent road dust, pollen and other air pollutants from entering the interior of your vehicle and the air you breathe. If your vehicle is not equipped with an In-Cabin Microfilter system – see your Nissan dealer about getting one installed – you'll breathe easier.
15,000 MILES OR 18 MONTHS

● Original Equipment Tires and Other Major Brands
● Competitive Pricing
● Road Hazard Protection Included With Each Tire**
● Convenience
● Factory Trained Technicians

Tires are an important component of your Nissan driving experience. They provide the four points of contact between your vehicle and the road and affect acceleration, braking, cornering, load-carrying capacity, and overall handling and performance.

Nissan engineers perform extensive tests to help determine which tires are best suited for use on Nissan vehicles. Replacing the tires on your Nissan with those that meet the Original Equipment specifications will help maximize your vehicle’s handling, comfort and safety.

* May differ or not apply outside the United States, please inquire of your dealer.
